

## **Deer Creek Middle School Update**

The first day back for the Deer Creek MS staff and students seemed to be a success. The overwhelming support of the community was evident by all of the posters that lined the hallways and the ribbons that were tied on the trees and fences as you entered the school. The overall sentiment today was thankfulness and appreciation of the support. Today Jeffco Council PTA had the honor of catering a lunch for the Deer Creek Teachers, Staff, Counselors, Law Enforcement personnel and all of the other wonderful Jeffco employees that were on hand to make the return to school a success. The staff was treated to a delicious lunch provided by Olive Garden and a gorgeous cake and cupcakes by Cakes Amore. As we served lunch to everyone, we also heard the sounds of normalcy as the students were in the cafeteria enjoying their lunch. The Deer Creek MS PTA had also worked over the weekend to assemble special gifts for the students that were passed out during the day and at the end of the school day as the students left the building. There cannot be enough said to raise up the staff at Deer Creek MS and Jefferson County School District as well as the PTA, parents, and students as they returned today to Deer Creek Middle School.
